News has been flying around the offices that a vigilante tea thief has been operating freely across all of MACS. Photos have emerged of the wanted tea thief being caught red handed in the act of stealing a few PG tea bags from Ormeau Road's kitchen.

The tea thief is currently at large creating havoc across MACS offices causing an outpouring of frustration from sleepy staff.

HOW TO BE A SUPERHERO THE INSIDER'S TIPS AND TRICKS!

Always wear your pants over your tights to stop them falling down when fighting crime

Always create a new account when posting on social media to avoid disclosing your true identity - (masks help too!)

When fighting crime always choose a reliable sidekick who has good one-liners...(look at Batman, he's stuck with Robin now.)

Meditate daily to avoid turning green and smashing things.

Always fill your car up with superfuel before going to fight crime on the other side of the city in case of traffic jams.
